

April Café Scientifique

April 7th at 7pm in the bar of The Showroom

Replacing Animal Experiments - From Concept to Achievement

Dr Gill Langley

Science Director, Dr Hadwen Trust for Humane Research

A key solution to the animal experimentation dilemma is to prioritise the development and use of non-animal research methods that can replace laboratory animals. Gill Langley will talk about replacement methods of research: discussing the need, the benefits and the achievements, as well as overcoming barriers to further progress.

More info: contact the organisers – cafesci.s1@googlemail.com

Sharpen your interest and knowledge of science in an informal and friendly atmosphere. Café Scientifique is an opportunity for all members of the public to meet practising scientists. Take part in a debate/discussion around a drink or plate of food at the Showroom Bar.

The Showroom Cinema, Paternoster Row, Sheffield, S1 2BX, Tel: 0114 275 7727

Web: <http://www.showroom.org.uk>

Admission is FREE

Format: Generally the Café begins at 7.00pm in the restaurant area of the Showroom. We begin with a short presentation of about 20 minutes from a guest speaker, followed by a break to allow people to refresh their glasses and think of questions they may wish to ask. During the break there are also small group discussions before a larger discussion takes place which can get quite lively! For further information go to: <http://www.sciencecafesheffield.org>
